So are the glowies the ones who post about violence or the ones who screen cap that behavior and hold people accountable? I'm getting confused.

I'm not sure I follow your point. You're bothered that I'm not okay with violence, in a thread/post about how TDW doesn't condone violence and only glowies post about that.

Yeah I'm not sure why some are trying to rewrite history about the days leading up to Jan 6th on TDW. People around here were talking about how it's going to be like 1776. Mods stickied a post about bringing your musket. Which sure, sounds like a joke except the premise for the protest was that the election was stolen and a revolution would be needed to fix that.

I have a bunch of links and screenshots that I saved when I started to see people cowardly back off comments that were being made a day before, example:

<https://thedonald.win/p/11Rh1U0qQT/congress-has-a-choice-to-make-to/c/>

The top comment in that thread (now deleted) said patriots were anxiously waiting to hang or gun down congress if they defy the constitution.

I don't condone any this and i find it disturbing. I'm only saying this community needs to take a hard look at itself if it believes the views of those who caused violence aren't a significant part of commenters and lurkers on this site.

I'm not a constitutional scholar so I'm not going to argue with you.

OP asked for a plan and your hypothetical is not it. This "call your representative and hope they find a friend in senate", or "maybe Pence will do something" path is a delusional distraction to real efforts to keep Trump in power.

Electoral college votes are counted on Jan 6 in congress. If a senator and congressman both cosign an objection then the the counting is paused for two hours while congress debates. The problem is both chambers would have to agree to reject the votes.

Given Democrats' control of the House and Republicans' narrow Senate majority, there's no chance that there are the votes to succeed in disqualifying a state, much less five.

How is no one talking about how he registered as an agent acting on behalf of Turkey in exchange for \$530k in 2017. Flynn is part of the swamp as far as I'm concerned.

[Trump said: "We're gonna win, watch." Pompeo said: "...smooth transition into a 2nd Trump Presidency." Don Jr. and Eric are confident as well. GEOTUS said we will start to see results "next week."
